

TASK BOOK- Urban AIRSCENT CERTIFICATION

The Urban Airscent Task Book will be provided to applicants at the beginning of the education/certification clinic. Each task must be demonstrated, acknowledged and documented by a SARDUS evaluator to receive certification.

A prospective Airscent Canine Search Team must demonstrate the following:

- Canine does not display uncontrolled aggression toward people or other canines.
- Canine is under the control of Handler at all times.
- Safe operational procedures during search.
- Written plan with equipment list outlining how team is self-sustained for appropriate Typing operational period.
- Show pack/equipment for appropriate Typing operational period.
- Appropriate interview of witness or briefing with Incident Command.
- Ability to formulate and articulate an appropriate search strategy.
- Describe the alert the canine will provide when locating subject.
- Ability to execute appropriate search strategy.
- Ability to airscents subject in urban area while on-lead and during building search off/on lead.
- Canine presents the articulated alert without prompting and Handler properly recognizes the alert.
- Canine leads handler to subject

- Canine continues to work to search for multiple suspects
- Team can cover 5 acres of 3 square block of urban area.
- Team can search approximately 3,000 square foot building.
- Handler supports dog
- Handler demonstrates proper navigation skills, giving proper updates to IC with location and areas searched.
- Appropriate debriefing to Incident Command
- Team must pass SARDUS Urban Airscent Test.
